

PURA BRASA

SHARING IS THE PHILOSOPHY OF PURA BRASA

Our philosophy

All our meats and fish are prepared on the spot in our Jospers® Charcoal Oven, with the noble worth of firewood. This is our philosophy and part of our identity.

Allergens

In compliance with Regulation (EU) No 1169/2011 on the provision of food information to consumers, this establishment makes information on the allergens in our products available to consumers. Please ask our staff for more information.

What is Jospers®?

Jospers® is an elegant combination of a grill and an oven in a single machine.

We have been “persistent” for fifty years. Jokes Manu Yebras when asked how they have managed to sell the charcoal ovens born in this Pineda restaurant, now transformed into PuraBrasa by Jospers® (NII, km 671.6), all over the world. This is the sixth establishment with this name, and they will soon open in Singapore too.

As well as ovens, they also manufacture robatas – Japanese grills –, Basque grills and grills for famous chefs. The concept of Pura Brasa, he explains, was born six years ago with the aspiration of being accessible restaurants which could be used as showrooms to their customers, “always much more real and practical than a factory”. Vegetables, meat and fish grilled in the JOSPER® oven (the medallion of hake and the Wagyu beef are not to be missed) or chicken roasted in their grills. The machine sprung up to meet the needs of the now renovated Mas Pi.
